

July 2024

Celebrating 20 years of change!

When every act was about some of the most inspiring people across the globe - special individuals who have shown us that kindness and compassion can help save each other and the world. "Compassion will save us and should drive us all," our children insist.

Congratulations to the students and teachers for putting on a fantastic show! Most importantly, here's to 20 years of change—a transformation that's Parikrma Humanity Foundation.

Here's a big shout-out to all the guests on our annual day - celebrating 20 years of change.

Here's a big Thank You to those of you who helped us by funding the costs of the costumes and reusable props.

Nobel Laureate visits Parikrma

Don't fear failure, toy with it, Nobel laureate Esther Duflo tells students

On July 10th, Esther Duflo visited the Parikrma Centre for Learning in Koramangala as part of her three-city book tour.

Founder Shukla Bose shares:

"In her interaction with our children, Nobel laureate Esther Duflo shared her motivation for her new book, saying, 'The reason I wrote the book is because of you.' Duflo's words profoundly impacted our children, who responded with great enthusiasm. Their determination to find answers to their struggles in the future, alongside voices like Duflo's, fills us with optimism."

This visit is part of Pratham Books' 20th-year celebrations, during which Esther Duflo, whose picture books on economic justice have been translated into multiple Indian languages, including Hindi, Bengali, Kannada, Marathi, and Tamil, will engage with the Parikrma community. The books, illustrated by Cheyenne Olivier, are an essential resource for children to understand complex social issues through storytelling.

Meet our winner!

At the recently held national Sole-Art competition (India's first shoe design contest for students) by Plaeto Shoes, Parikrma student Bhavya was among the five winners - whose design won her the prize among 1400 entries across India.

Thank you, IIMB

vikasana.iimb As part of Launch (orientation) program for PGP-PGPBA 2024-26 batch of IIM Bangalore, Vikasana organized a heartwarming visit for our 203 PGP1s to the schools of Parikrma Humanity Foundation, founded by Ms. Shukla Bose. Here are some glimpses of the fun and meaningful moments our PGP1s shared with the amazing children there.

A big shout-out to the IIMB team for visiting all our schools and having wonderful interactions with our children!

The SENSITIVE school

Our children, in their unique way, brought joy and laughter to the adults at the Sandhya Suraksha home for destitute women. The interaction was filled with games, laughter, and cake :)

This was the third session held in the last two months at different old-age homes in Bengaluru, a Parikrma initiative as part of its empathy and kindness initiative.
