Sponsor 5 laptops

We at the Parikrma Humanity Foundation are committed to transforming education through innovation and inclusion. Since COVID19, we have fully transitioned to a blended learning model, integrating technology in classrooms to enhance engagement and improve outcomes.

While we have made significant strides, many of our teachers urgently need reliable laptops to conduct sessions with students and global mentors, create engaging learning content, and collect vital data on student performance. Most of our current laptops are outdated and in poor condition, limiting our ability to deliver the quality education we envision.

As the new academic year starts, we need more laptops to enable our new teachers.

Your generous support can make a transformative difference. By contributing to this fundraiser, you will help our teachers access the tools they need to inspire and educate, directly impacting the future of our students.

Every contribution matters, and no amount is too small. Once a payment is made, you will receive an ATG certificate via email.

Thank you for your continued support and belief in our mission.

Girl power

As part of the Women Behind the Camera competition held by the Rotary Club in Bengaluru, our students were recognised & awarded for their short film!

Annual Day

Celebrating 21 years and one of the reasons behind our success; also, this year's theme: our perpetual "never give up" attitude. Here's a big shout-out to our chief guests Shri Vijay Bhaskar, former chief secretary, currently, chairman of the administrative reforms commission; and Dr Ashok, the commissioner for slum development. We thank all our guests of honour, supporters and donors for trusting us and for enabling and endorsing our "never give up" philosophy! A big shout out to all the students and staff for putting up a great show, with fantastic props, performances, songs and theatre, all prepared by the team.
